[Unpopular Opinion: If you want to bring a gun on 1/6 that's up to you but stop broadcasting it like a retard.](#)

posted 8 hours ago by [Donknottz](#) +1340 / -7

That's not what 1/6 is about. It's about the sheer volume of support. POTUS said "protest", not battle. Violent protests are for faggots and walking around with an AR is 99% larp. Even if you shoot someone with the best intentions you will wind up like Kyle Rittenhouse. Also, they want any excuse to shut DC down and not let us in. Announcing shit all over this board is giving them great intel to brand us as muh Right Wing Extremists!

the tyrants dont care about support if they did!! the moment donald trump had insurmountable lead they would have given up trying to fix and steal the election and prepare for 2024! but no they said fuck his support we will manufacture MORE support! but no come what may they fixed the shit out of it! over a million fake ballots in pensylvania

support doesnt matter the supreme court said no standing because they fear Burning looting and murder from antifa/blm!

so they care about POWER the consequences of defying antifa they "fear" you think they would fear 70 million sheep in DC?

no they will push their agenda of communism and global reset grabbing power untill they truly fear the populace!

seeing 5000 10.000 25000 armed people building (mock) guillotines and gallows might put the fear of god in them

what is the saying again:

"When governments fear the people, there is liberty. When the people fear the government, there is tyranny.

it is god damn crystal clear that they dont fear we the people! ! time to put the fear of god back in them! otherwise they will keep eroding away at the constitution

Edit: i do agree about it broadcasting like a retard

I keep seeing people say that politicians fear antifa, the only people who fear antifa are local store owners on the streets they frequent. Politicians pretend to be afraid in order to push whatever agenda they believe in. Antifa is absolutely nothing to them, with one order they can clear them out, they just choose not to.

If Antifa didn't exist, there would be another excuse lined up.

Holy shit, thank you! Why do people seem to think deep state politicians are scared of Antifa? They LOVE Antifa! Antifa not only pushes their Marxist agenda, but they also destroy small businesses which makes the middle class owners poor and cause widespread suffering. BLM is the same except they also get to play the race card. If either of the organizations decided that they were going to stop the violence and preach messages good to their self interest (getting educated in a real skill, and capitalism) then the Politicians would turn on them so fast it wouldn't be funny. I bet they would probably say, "we don't negotiate with terrorist," and send in the police to actually

police. Y'all need to realize, they don't just want to control you, they HATE you. They can't understand why their bullshit MSM propaganda didn't work on you. They even tried getting Fox to turn in hopes that we were somehow more loyal to it than to freedom and law. They are evil and want you to suffer. The deep state is filled with chicken necked sociopaths who think they are James Bond.

A zillion percent, this.  Antifa is a bought-and-paid-for street whore. If they ever get uppity and harass the wrong people, the checks will stop showing, and the meth will stop flowing.

(Coincidentally, a zillion point victory is what his handlers are predicting for Joe Biden's Corpse's victory in 2024)

Yeah, I agree wholeheartedly.

I agree with this post's headline, I mean I do think people should be encouraged to exercise their 2A rights, especially considering the situation around this protest, but don't get arrested by the DC polit police before the actual protest out of being stupid by broadcasting your own weapons in advance. They're there in case they're (hopefully not) needed and to make a point on the day.

But as far as the rest / optics goes? Who the hell even cares anymore? They don't give a damn, they'll call you a Nazi for disliking George Soros, an actual Nazi collaborator. They'll call you a Nazi if you're an orthodox Jew who votes Trump. They'll call you a Nazi whether your gay, black or w/e, look at how they attack the leader of the proud boys - or how Big Man Tyrone on YT was called the figurehead of the white supremacist movement online, you know, a black Cameroonian guy. Look at how pulling troops out of the Middle East is good until Trump does it, then it's bad.

Facts don't matter to that crowd so why should we care? They're in the process of trying to steal a fucking election and many are willing to turn a blind eye to that. Does anyone here think the Allies gave a fuck about their optics among the German populace while they were in the middle of the war? Fuck no. Save your optics after victory has been had and justice meted out.

I mean, Biden cheated, it looks like McConnell and Romney cheated, *zero* people could vote and the msm would still report that Ds got 4000 to Rs 6000 in this county and Rs got 6000 to Ds 4000 in that county. It's a farce and stupid to play the optics game.

Anyone who can be won over with facts, fine, but I don't give a damn about the rest.

They can't arrest millions of armed people. The constitution says you can be armed, fuck what some DC tyrants say. They won't have any ability to enforce their tyranny anyway.

For Christ's sake, how the fuck are you going to save anything if you're so afraid that when your enemy says you're not allowed to be armed, you just obey? There's nothing wrong with being armed. Being armed is not violence. Anyone who says otherwise is a cuck and a shill.

First of all, they have already branded every Trump supporter as a neonazi racist fascist bigot etc

Second of all your second amendment rights are not privileges that the police can take away. The point of the second amendment is to be able to defend yourself from government tyranny.

The left showed up in DC and burned down churches and attacked cops with rocks and bottles and the cops backed down.

If there are tens of thousands of Americans there with even just 3-5% being armed, no cop will lay a finger on anyone. DC mayor cannot call the national guard without Trumps say so, think Trump will call the National Guard on his supporters?

Not advocating for terrorism, or violence. But if the legislature tries to gaslight the people, and lie directly to their face and ignore all of the evidence of fraud to install a Chinese puppet into the highest office of our country?

Well, your grandkids history class will have several chapters added to it for the Second American Revolution.

Free men don't ask permission, but also understand that we're essentially occupied by a standing army that doesn't recognize your rights, and are happy to throw you in a government cage to rot.

OP is right -- it's probably not a galaxy IQ decision to broadcast your intent to do certain things on the internet, and everyone should be on the lookout for glowies here and on every other form of communication.

My understanding is Trump's goal is a *mass* of Trump supporters - all ages and walks of life, not a select group of warriors. And, the chest pounding and threats only undermine our chances of accumulating the largest number of people possible. We want families, we want *everyone* to join this remarkable moment.

Robert Barnes, who has been in consultation w/ DJT this month, states, "The President's goal and objective is to show the Senate and Congress how much power he still wields and to make it clear to them in a demonstrable form....That's why, people stay away from the militia law stuff. That's a red herring and rabbit hole meant to distract and detour people. What the President wants is constitutional remedy and popular will and to show and remind the Congress that he is the legitimately elected President."

"The key is Congress has to see an unprecedented, massive will of people." "Democratic, peaceful, constitutional marches".....in other words, Trump told us exactly what he wants; no need to read into it.

Make them understand they'll be a daisy if they do take action.

Their laws are bullshit, just like their powers. But standing up to that only works if everyone decides to do it together.

These people expect you to be peaceful, to be harmless and do nothing.

An Antifag is literally more dangerous to them because at least they go and burn shit down, even if they are inefficient basement dwellers. If you flail around your gun (or worse: are unarmed) and do nothing to actively protect your liberties and oppose tyranny, you are ZERO threat to them. They will continue to do whatever they want, and their treasonous behavior remains unpunished.

The next elections will be rigged anyways, so they won't need your vote any more.

If you got em, bring em.

They cannot deny our rights, and now is a great opportunity to show the entire world exactly how dangerous guns are.

They are dangerous to criminals and tyrants, but perfectly harmless otherwise.

DC's crime rate will drop and there will be less litter on the streets when we march.

Either that or they are pointing out his controlled opposition stance glows. "Plz fellas don't be bringing any guns or anything! Wouldn't want the communist agents in government to get a little uncomfortable as they attempt to confirm a stolen election for the wrong candidate!!!1!"

Yeah I agree with you. The gun hype around here is always amplified, but the optics of an army marching into DC to intimidate congress to "make the right decision" is pretty awful. We already have contest of the results, and the next two weeks could see re-certification of results. What people should be focusing on is talking to your representatives at state and federal levels. Calls, Emails, etc.

Edit: Trump called for a rally, not a takeover. He didn't call for militias, or a Trump Army. You are going to do what you will anyway. And I would never tell you to not exercise your rights, especially 2A. But be smart. Be mindful.

Trump called for a protest. He did not call for a takeover. He did not even call for Militias, or hinted at Trump army. Do what you will, its a free country for now.
